

Optional Homework:
Practice the spellings
posted on dojo and
revisit rounding to the
nearest 10 and 100 - I
have sent a worksheet to
use if you would like

Our first full week at school has been a great one and the children have worked very hard. We have been finding out all about the Loch Ness Monster, starting our topic on Europe with some map reading, explored rounding in Maths and introduced Hinduism in RE. We also began our dance and basketball unit!

Reminder: A maths
workshop for
parents will take
place next
Thursday, 2:30 -
3:15

Well done to our
Star of the Week
Abigail and our
Active Learner
Cayson. Keep up the
good work!
