

Week 5 and still working hard! We have completed our magazine unit now and even written our own versions, which were really impressive. We were living our sunshine dreams when learning about the Med and thinking about why it is a desirable place to visit...especially with this weather! We also make lots of progress in our rugby techniques.

Optional Homework:
There is an English activity using subordinating conjunctions. I have also uploaded some Europe challenge cards to encourage some talk about our topic

Reminder: Parents evening times will go home on Monday. Please contact me if you still need to arrange one.

Well done to our Star of the Week Willow and our Active Learner Alex! Keep up the good work!
