

# Buckshaw Primary School

Headteacher: Mrs K Brooks

Tuesday 5<sup>th</sup> January 2021

Dear Parents and Carers,

Thank you for your patience as it has been a very busy 24 hours. We have allocated places for children who we believe qualify for being in school during this Lockdown. We would have loved to have welcomed all children back for the new term particularly given the progress they made following their return last term. We understand that this situation may also be frustrating for some parents balancing home-schooling with their own work commitments. However, our commitment to the health, safety and well-being of our whole-school community remains a priority and we have to follow the requirements set out by the Government.

You were contacted yesterday regarding our Remote Learning Strategy, so thank you to all who have consented to the Remote Learning Agreement. This will be a huge benefit in the home learning both for the children and to parents. It also ensures that children at home are accessing the same teaching and learning as those children in school. So please ensure that you consent to this so that those sessions can go ahead. You will be contacted by your class teacher outlining lesson times.

During the Autumn Term we tried to ensure that everyone had all the necessary resources to work from home. Please let your class teacher know if your situation has changed. It is expected that this will continue to at least February half-term, so it is essential that a structure is in place from the start and that you let school know of any issues.

Yours sincerely

Katy Brooks  
Headteacher
